

# Becket Keys Church of England School

26<sup>th</sup> February 2021

IN THIS ISSUE

Dear Parents/Carers,

As we return to school, we find ourselves already immersed in the season of Lent. A time of observance and preparation, a time traditionally used for fasting or the giving up of something, an invitation to make hearts and minds ready for remembering Jesus' life, death and resurrection.

Our school understands the sacrifice and challenge involved in waiting. Waiting for good news, waiting for the vaccination roll out, waiting for lockdown to end, waiting for all our students to return to school and waiting for Government announcements about exams. The patience of the school has been tested and strained – I am sure you all have your own additional pressures as well.

Yet as we begin this term, we do so with a strong sense of hope, a renewal of strength for the weeks ahead, a light at the end of the tunnel, growing in brightness and leading us forward.

We started our INSET day on Monday with a reminder of the verses from Psalm 46 that have been so important to us this year:

*God is our refuge and strength,  
an ever-present help in trouble.  
Therefore we will not  
fear, though the earth give way  
and the mountains fall into the  
heart of the sea,  
though its waters roar and foam  
and the mountains quake with  
their surging.*

*The Lord Almighty is with us;  
the God of Jacob is our  
fortress.*

The journey has been long and difficult, the challenges huge, the stresses tremendous but despite it all we carry on. Rising from the dark winter days we embrace the new season of spring that is nearly upon us.

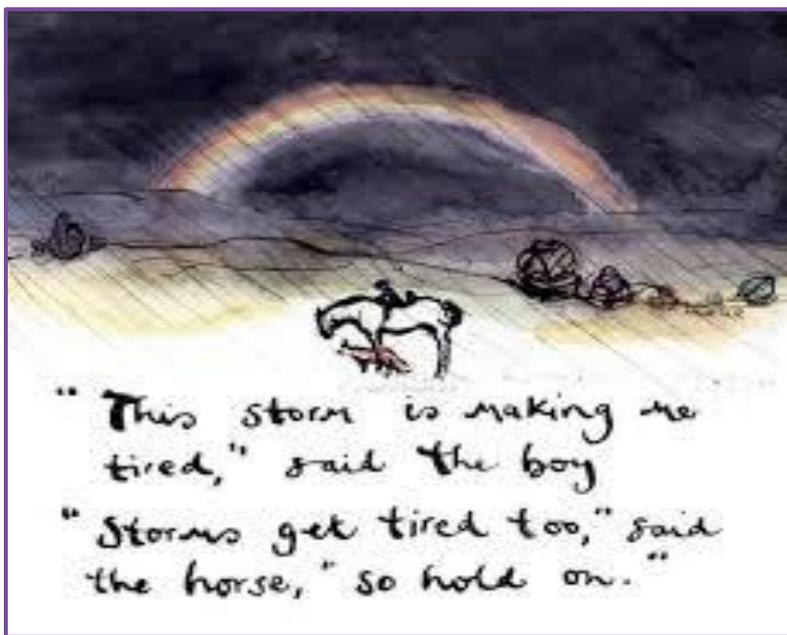

As we move forward over the coming weeks, I encourage you all to take time to pause this Lent. Look after yourselves, look after each other! Reflect on your journey, be proud of the steps you have taken. The wait is not yet over, we know there are still more challenges to overcome, but as we walk forward into the second half of the academic year, we remind ourselves, 'I can do all this through him who gives me strength.' Philippians 4:13

God bless you.

My thanks to Carrie Prior for many of the ideas for this article.

Valentine's Meal 2021  
Prepared by Zak & Ella Jade Patel

During the Lent holiday, Ella Jade Patel, 7FS and her brother Zak prepared a Valentine meal for their family.

The starter was a meat platter with fresh figs, parmesan shavings and balsamic vinegar. Main course was a homemade lamb kofte with pita bread, couscous and a Greek salad. This was followed with a dessert of raspberry sorbet with passion fruit and a variety of melons and a cheeseboard. The table was also beautifully decorated and their parents did not have to lift a finger and were delighted with their treat. Well done Zak and Ella!

## National Careers Week

National Careers Week is 1st to 5th March 2021 and this year it is all online. Becket Keys Church of England school have been presented with a variety of excellent opportunities for our students to attend over the coming week.

Many of the events are after school hours, however some of them do fall within the school day. If students wish to attend one of these events during the school day (and therefore they might miss either a live lesson or a deadline for submission of work) please can parents or carers send an email to:

[careersweek@becketkeys.org](mailto:careersweek@becketkeys.org) so that staff can be informed accordingly.

There are some fantastic events advertised, and I would encourage you to take up as many as possible. If you found something particularly enjoyable and want to inform me of such, then please contact me via the staff communication portal on the Becket Keys website:

<https://www.becketkeys.org/contact.php> so I can look out for similar events in the future.

I hope you enjoy the week and are inspired for your future career choice.

## Fair Trade Fortnight!

22 February to 7 March 21

For two weeks at the end of February and into March, thousands of people across the UK will come together to share stories of people who grow our food and drinks, mine our gold and who grow the cotton in our clothes. These people are often exploited and underpaid. This year it is slightly different. As campaigning cannot take place in person due to the COVID pandemic, the campaign this year is turning digital and you can get involved!

### But what actually is Fair Trade?

Fairtrade is about better prices, decent working conditions, local sustainability, and fair terms of trade for farmers and workers in the developing world. By requiring companies to pay sustainable prices (which must never fall lower than the market price), Fairtrade tackles the injustices of conventional trade, which traditionally discriminates against the most vulnerable. It enables them to improve their position and have more control over their lives. You may have seen the Fairtrade logo on items that you buy from supermarkets,

**#FAIRTRADETOGETHER**

\*Brand metric data: Kantar TNS Q1 2020

such as bananas. This logo ensures that the farmers who produced the goods are given a sustainable price for their work, which improves their quality of life.

### So how can I get involved?

If you are in Years 7 to 9, you will learn about Fairtrade in your Geography lessons next week; however, if you are interested in this there are a few things you can do individually on the website <https://www.fairtrade.org.uk/> such as:

- Sign up to the Fairtrade Festival with your friends and family and expect fascinating and fun events featuring all parts of our global Fairtrade community.
- Read the stories on the website about farmers

affected by climate change.

- Get involved in the 'Choose the World You Want' youth exhibition in Fairtrade Fortnight 2021.

If you have anything interesting that you would like to share about Fair Trade then please add something to the 'post' section of your Geography Microsoft Teams page.

Look out for some interesting Fair Trade tasks to complete next week!

## Music Department

During lockdown, why not try something new? Explore different styles of music, learn to play an instrument, write your own music and set up a sound cloud page, record yourself singing or playing your favourite song and submit for our online concerts.

Here are more musical ideas.

### Oxford Philharmonic Orchestra

Established in 1998 and formerly known as Oxford Philomusica, the Oxford Philharmonic Orchestra occupies a unique position within the UK orchestral landscape. As an Orchestra of the highest quality, the Oxford Philharmonic attracts some of the world's greatest artists to appear in its series including Maxim Vengerov, Valery Gergiev, Anne-Sophie Mutter, Martha Argerich, András Schiff, Renée Fleming, Lang Lang, Nicola Benedetti and Vladimir Ashkenazy.

The Oxford Philharmonic Orchestra is one of the leading orchestras in the UK. Praised as 'excellent' by Gramophone Magazine and 'thoroughly impressive' by BBC Music Magazine, the Orchestra's reputation is based on the uncompromising artistic

standards of its founder and music director, Marios Papadopoulos, and maintained by some of the finest musicians in the UK.

Oxford Philharmonic Orchestra created [OP at Home](#) during the first lockdown. The series for children features orchestra members recording themselves from home, with some themed episodes. The full playlist is available on YouTube.

## Science Department

### Science Week

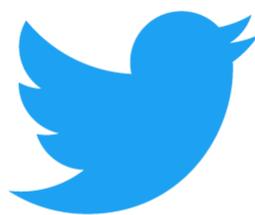

British Science Week is just around the corner! Get ready for a ten-day celebration of Science, Technology, Engineering and Mathematics, taking place between 5-14 March 2021.

Each year, British Science Week creates a nationwide celebration of Science, Technology, Engineering and Mathematics for people of all ages with thousands of events and activities taking place across the country. Our Science department at Becket Keys want as many of you as possible to get involved with Science week! Our technicians and teachers have been working hard to plan activities for all year groups ranging from 'DIY' experiments to Royal Society lectures and even a poster competition. More details to come...

Science is all around us every day and there are lots of ways we can still engage and celebrate the role that it plays in our lives. With the backdrop of a global pandemic, it is now more important than ever for us to embrace and explore Science.

Follow the Science department on Twitter for more news and activities.

You can also now reply directly to any message you receive from ParentMail, just hit the reply button and it will go to the office.

Students can contact their teachers via Satchel One if they have any queries regarding their lessons.

Please do not email staff directly as any message received in this way will not receive a response.

Many thanks for your understanding.

# Mathematics Department

Another huge congratulations from the Mathematics department to everybody who is using MathsWatch as an excellent revision tool. The students who have made it in to our "Top 10" for February have gone above and beyond our expectations.

Between them, this month they have completed over 800 practice questions (independent questions not set by their class teacher) and watched almost 100 videos.

If you think that you can add your name to this list for March then these are my top tips:

When logged in to MathsWatch click on the "My progress" tab.

Here you can see all of the MathsWatch topics, you can sort them by level (GCSE/KS3) and by grade.

You should then be able to pick topics relevant to your needs, watch the video and complete the interactive questions.

The more videos and independent interactive questions you complete, the more MathsWatch points you will build up!

## Solution to Last Week's Puzzle

Mrs Jenkins gave each of her children £5. Surprisingly, they all received the same amount.

Mrs Hobson had £16 and each of her 4 children got £4.

If you have 8 children, you will need £64 and use the fraction  $\frac{1}{9}$ . So, the first child gets £1 plus  $\frac{1}{9}$ th of the remaining and so on.....

You can look at this problem in more detail by clicking on this link....

**School Charity – New Hope****A Mother's Heart.....**

As you are aware we are still supporting our charities this year, one of which is New Hope in Kenya. This is a facility dedicated to rescuing and raising orphaned children and abandoned babies in Uplands, Kenya.

Anne Chenge is the mum of New Hope Children's Centre. She started the home 20 years ago and has provided a home and education to over 3,000 children.

Her story began with taking in just one orphan into her personal home, then she took in ten and then eventually over the years it expanded to over 100 when Anne decided she needed a centre to help raise the orphaned children of Kenya.

Anne quit her job at Barclay's bank and with her husband they

began New Hope Children's Centre - Uplands, Kenya. She has selflessly dedicated her entire life to this initiative.

Anne at New Hope has a mother's heart that is so much bigger than most peoples. Driven by her strong faith in God she has the same energy and zeal as when she started the home and shows no sign of relinquishing the privilege of being involved with some of the most vulnerable in society.

Hand in Hand have a lovely idea for Mother's Day. You can give your Mum a unique gift and support the work at New Hope Children's Centre.

## Food Department

Hello everyone!

I hope that you are all well and that you are looking forward to the new term ahead.

Before the Lent Holiday, we taught our KS3 students all about chocolate, how it is grown and where it comes from. They also learned how to make a delicious chocolate brownie using a Jamie Oliver recipe, (link to the recipe video below). I know that students really enjoyed this lesson as I had some excellent feedback.

Below you will see pictures of the fabulous brownies that some students have made at home.

Why don't you try them?

Enjoy!

## Chocolate Brownies

### Ingredients

- 250 g quality dark chocolate (70%)
- 250 g unsalted butter
- 4 large free-range eggs
- 250 g golden caster sugar
- 2 heaped tablespoons self-raising flour
- 2 heaped tablespoons quality cocoa powder

### Method

Preheat the oven to 180°C/350°F/gas 4.

Tear off a large piece of greaseproof paper, scrunch it up under cold water, then unfold and use it to line a 20cm square baking tin.

Snap the chocolate into a heatproof bowl, dice the butter and add with a pinch of sea salt. Melt over a pan of gently simmering water, stirring regularly, then remove from the heat and leave to cool slightly.

Crack the eggs into a large bowl, then add the sugar and whisk until light, pale and fluffy.

Sieve in the flour, followed by the cocoa. Whisk to combine, then fold through the melted chocolate.

Spoon the mixture into the lined tin and spread it out evenly. Bake for 25 to 30 minutes, or until crisp on the outside but slightly wobbly.

Leave to cool in the tin for 15 minutes before slicing and serving warm – delicious with vanilla ice cream, crushed hazelnuts and caramel popcorn.

# Teen Girls Empowerment Conference

## International Women's Day

17<sup>th</sup> March 2021

Rocking UR Teens are inviting 13-15 year girls to an empowerment conference, celebrating International Women's Day.

This exciting event builds on the success of the last 5 years and will be an ideal opportunity for 13-15 year olds to:

- \* Be inspired by young women doing great things that they can relate to.

- \*Take part in inspiring workshops and learn from the real-life experiences of speakers.

- \*Increase aspirations and understand the many opportunities potentially available to them in non-typical industries and corporate organizations.

- \*Celebrate International Women's Day amongst their peers.

- \*Focus on their mental health and wellbeing:

- \*Have a positive day reflecting on what is good about being them.

Included will be some amazing guest speakers and workshops including:

Meera Sharma, a British Indian television personality, published author and DJ. She wrote the 'Little Book of Sass' to motivate individuals when they need it the most. Meera's current work explores the intersection between her Indian heritage and Western upbringing; she uses numerous mediums to encourage discussions around identity and representation.

Inspiring Vanessa, not your average 14 year-old girl. She is an international multi award-winning Motivational Speaker, Presenter, Podcast Host, YouTuber, Model and Author of two books – The 5 Secrets to Public Speaking Success,

Vanessa's Book of Quotes – Inspiration on the go! and an Audio book – The 12 Keys to Success. Books have been sold worldwide on Amazon and Barnes&Noble. Vanessa's journey began when she was only 9 years old and became one of the youngest motivational speakers in the UK. Vanessa's mission is to inspire children and adults around the world to believe in themselves and have the courage to be whoever they want to be. Her dream is to be on the Ellen Show, meet Ellen DeGeneres and help homeless people by creating a "Hotel for Homeless".

## Follow your call

This week, I thought I would share and comment on an extract from the #LentLive daily resources produced by the Church of England (<https://www.churchofengland.org/our-faith/what-we-believe/lent-holy-week-and-easter/livlent-gods-story-our-story-our-lent>). Whatever stage you are on your faith journey, Lent is the perfect opportunity to walk more closely with Jesus and reflecting on Bible stories is a key part of this.

---

### Bible reading

*As he walked by the Sea of Galilee, he saw two brothers, Simon, who is called Peter, and Andrew his brother, casting a net into the lake—for they were fishermen. And he said to them, 'Follow me, and I will make you fish for people.' Immediately they left their nets and followed him.*

Matthew 4.18-20

---

### Reflection

*Stories tell us who we are. They tell us where we belong. And they help us to decide who we want to be. When Jesus calls people, he does not call them to an interpretation of the religious law, but into a story. The story into which Jesus invites us is the story of God's loving engagement with the world. It is the story which begins with God's creation, continues through human wanderings towards and away from God, and reaches its dramatic peak in the coming of Jesus, the Word made flesh. The key word in Jesus' invitation is "follow." Walk in my footsteps, Jesus says, and make my story your story.*

*The invitation to Christian faith is always an invitation into the story of God, to make God's story our own, and to live out of that story. And here, right at the beginning, Jesus makes clear that accepting this invitation will entail inviting others in as well. "I will show you how to fish for people."*

---

## Prayer

*Lord Jesus, thank you for the story of God into which you invite each of us. Help us to understand that story more fully this Lent, and to live it out each day. Amen.*

---

## Action for the week

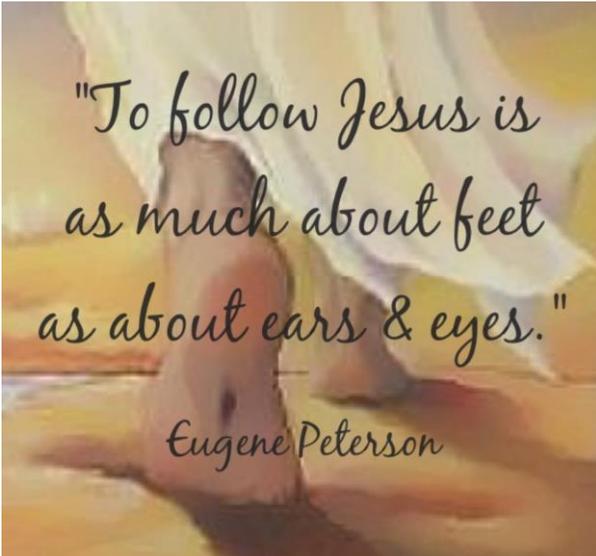

*Take time to reflect on how your own story of faith began.*

I came across this beautiful prayer called 'Deeper listening' (Author unknown):

*God of silence and God of all sound, help me to listen. Help me to do the deep listening to the sounds of my soul, waiting to hear your soft voice calling me deeper into you. Give me attentive ears that begin to separate the noise from the sounds that are you; you who have been speaking to me and through me my whole life, for so long that you can seem like background noise. Today help me hear you anew.*

**Amen.**

**Are you giving yourself time in the busyness and noise of the day to listen for God's voice? Are you listening for His call?**

To follow Jesus implies we enter into a way of life that is given character, shape and direction by the One who calls us. Following Jesus means picking up rhythms and ways of doing things that are often unsaid but derived from Jesus. We need to listen and consider what Jesus is saying, but we also need to see what he is doing and how he is doing it. In this way, we bear witness to God's story and invite others into His story. In so doing, we make His story our own.
